From: NEW YORK

To: MOSCOW

No.: 850

15 June 1944

To VIKTOR[i].

[1 group unrecovered][a] received from REST[ii] the third part of report MSN - 12 Efferent Fluctuation in a Stream [STRUYa]

[37 groups unrecoverable]

Diffusion[b] Method - work on his speciality. R.[iii] expressed doubt about the possibility of remaining in the COUNTRY [STRANA][iv] without arousing suspicion. According to what R. says, the ISLANDERS [OSTROVITYANE][v] and TOWNSMEN [GOROZHANE][vi] have finally fallen out as a result of the delay in research work on diffusion. The TOWNSMEN have told the representative of the ISLAND[vii] that construction of a plant in the ISLAND "would be in direct contradiction to the spirit of the agreement on ENORMOUS [ENORMOZ][viii] signed together with the Atlantic Charter." At present the ISLAND's director [RUKOVODITEL'] in CARTHAGE [KARFAGEN][ix] is ascertaining the details of the transfer of work to the ISLAND. R. assumes that he will have to leave in a month or six weeks.

T.N.: [a] This is a garbled group possibly representing a cover-name, or alternatively an adverb (one possibility being "finally") with "we" or "I" being understood immediately following.

[b] Only the latter part of the word has been recovered, but "diffusion" is probable from the context.

Comments: [i] VIKTOR: probably Lt.-General P.M. FITIN.

[ii] REST: Emil Klaus Julius FUCHS.

[iii] R.: i.e. REST.

[iv] STRANA: the U.S.A.

[v] OSTROVITYANE: the British.

[vi] GOROZHNE: the Americans.

[vii] OSTROV: Great Britain.

[viii] ENORMOZ: the Manhattan Engineering District.

[ix] KARFAGEN: WASHINGTON, D.C.
